## FIGHTING IS NOT SO FIERCE TODAY

Russians Seem to Have Escaped  
the Japanese.

The Muscovites Retreating Towards  
Mukden—The Rear Guard  
Annihilated.

## JAPS ACROSS THE RIVER

Yantai, Manchuria, Sept. 6.—Heavy fighting is proceeding northeast from here today. The Japanese are pressing northward along the ridges east of the railway, and several skirmishes occurred within twenty minutes south-east of Mukden. The Russians are holding General Kuraki in check with rear guard action, while the Russian Liao Yang army is proceeding northward.

TO EVACUATE MUKDEN.  
St. Petersburg, Sept. 6.—The Mukden correspondent of the Russian wires that the Japanese are now within 25 miles of that city. He repeats the report that the Russian authorities are preparing to abandon the city and the evacuation has already begun. The censorship is being transferred for the present to Kharbin as an interruption of telegraph lines is believed to be possible.

NOW AT HARBIN.  
London, Sept. 6.—The Harbin correspondent of the Central News wires that Viceroy Alexieff and staff have arrived at Harbin, having transferred their headquarters from Vladivostok.

STILL RETIRING.  
Tokio, Sept. 6.—It is reported that the Russians have retired beyond Yantai, which Gen. Kuraki has occupied.

Chefoo, Sept. 6.—The Japanese now have practically their entire army across the Taitse and various columns are spread out, bombing Kuropatkin in from the rear and to the east.

ANOTHER FALSE ALARM.  
London, Sept. 6.—A dispatch from St. Petersburg states that a newspaper there published a report of the fall of Port Arthur. The edition, says the dispatch, was recalled before it obtained any sale. The report of the fall is current in St. Petersburg, but seems vague. It is given little credence.

## A DECAPITULATION.

London, Sept. 6.—From the consensus of dispatches received here the forces of Kuropatkin and Oyama are racing for Mukden. This much stands out in the news of Monday, and is indicated in a report forwarded by Kuropatkin, who says that his retreat is being in perfect order, though the Japanese on Sunday repeatedly attacked his rear and continued the attack until Monday. The result of the race is in doubt.

The united Russian forces are now north of Yantai, a station on the railway about ten miles northeast of Liao Yang. They are pushing on to Mukden, saying that preparations for the evacuation of that place are proceeding. This report, if well founded, as is pointed out in the Associated Press St. Petersburg dispatches, would mean the abandonment of the whole of Southern Manchuria and the winding up of the present campaign.

It was reported in St. Petersburg at a late hour Monday night that Kuropatkin's rear guard had been almost annihilated, and that the main Russian army was in danger of being surrounded.

Kuropatkin, in his report, makes no mention of the abandonment of 200 guns at Liao Yang, a rumor to which effect is in circulation.

Advices from Port Arthur by way of Chefoo bring the fighting there up to Sept. 2, and say the Japanese losses were very heavy.

GRAND ALMOST ANNIHILATED.  
St. Petersburg, Sept. 6.—It is reported at a late hour that Gen. Kuropatkin's rear guard has been almost annihilated, and that the main Russian army is in imminent danger of being surrounded.

## BAD ROADS ENCOUNTERED.

St. Petersburg, Sept. 6.—A telegram from Mukden states that the Japanese forces are now fourteen miles from Mukden, and the booming of their cannon is distinctly heard in the strong-hold. The dispatch adds that Gen. Kuropatkin is encountering great difficulty in his retreat owing to bad roads.

## THE CORONER WAS TOLD OF TRAGEDY

Two Men Shot Through the  
Heart Near St. Louis.

Fatal Shooting at Nashville, Tenn.—  
A Man's Neck Broken By a  
Car Door.

## HEADLESS NEGRO FOUND

East St. Louis, Sept. 6.—By following directions telephoned by an unidentified man from an unknown place, Coroner McCracken found the dead bodies of a white man and a negro lying in the middle of a road about 100 feet apart. Both men had been shot exactly in the same place, through the heart. Through papers found in the pocket of the white man it is presumed that his name was Robert Reynolds, of Cedar Rapids, Ia. The negro was George Green, a striker, and formerly employed by the Nelson-Morris Packing company.

## TWO FATAALLY SHOT.

Nashville, Tenn., Sept. 6.—Sam and Joe Dennis, brothers, were shot and fatally wounded here by Henry Spain. Sam Dennis and Spain were attempting to induce Marink, another of the Dennis brothers, who was intoxicated, to return home, when Joe Dennis appeared upon the scene. Joe interfered, claiming that Spain was mistreating the drunken man, and the shooting followed. Spain is under arrest.

## NECK WAS BROKEN.

Knoxville, Tenn., Sept. 6.—Elijah Grace met a peculiar death at Johnson City. He was playing cards with three companions in a freight car, which was standing on a side track. Hearing an engine approaching, he arose to see if it was going to attach to the car. As he poked his head out of the door the engine bumped into the car, the door slammed shut and his neck was broken.

## HEADLESS BODY FOUND.

McMinnville, Tenn., Sept. 6.—The headless body of a negro was found five miles from this place. The head could not be found. It is thought that the body is that of Eugene Moditt, a worthless individual who has been in this section of the county some time.

## ALL COUNTED

BASEBALL MEN SAY OF YES.  
TODAY'S GAMES—HOPTOWN  
TO PLAY HERE.

President Gus Thompson of the local association, stated this afternoon that the schedule called for a double header for both Cairo and Paducah on Labor Day and that both games counted in the per cent column, this being the reason he sent Boneo on to hold in reserve.

The Hopkinsville-Paducah games have been transferred to Paducah. They will be played here Friday, Saturday and Sunday after the Paducah's return from Vincennes.

## PLEHVE'S SUCCESSOR.

St. Petersburg, September 6.—Senator Platonoff, a member of the council of the empire, has been appointed minister of the interior and chief of the Russian police, in succession to the late M. Plehve.

Both Gen. Kuropatkin and Marshal Oyama are straining every effort to be first to reach the city, one to find safety and the other to cut off the Russian retreat.

## CONCENTRATING AT YENTAI.

Tokio, Sept. 6.—An official dispatch received this evening announces that the bulk of the Russian forces is assembled at Yantai. Small forces of Russians are still south of that place.

## TROOPS ARE EXHAUSTED.

Tokio, Sept. 6.—The latest news of Gen. Kuraki's movements is that troops are exhausted by the continuous marching and fighting of the past week.

## CRUISER TO DISARM.

Tokio, Sept. 6.—The Japanese government was informed today that the Russian cruiser Diana, which took part in the battle of Port Arthur August 10, and afterwards took refuge at Saigon, will disarm.

## TWO KILLED AND SEVERAL WERE HURT

Tragedy Results From Effort to  
Collect Account.

Another Feud Is Likely to Result.—  
Five People Were Drowned In  
Arkansas.

## AN UNKNOWN MAN LYNCHED

Hanftington, W. Va., September 6.—As a result of an attempt to collect a long standing bill by a clerk in a country store at Greenshoal, 30 miles from here, one was fatally injured, another seriously and two more men, who escaped and have disappeared are supposed to be injured. The fight may result in another bloody feud being added to those already existing in this part of the country.

## THE DEAD.

ALLEN BRUMFIELD, for 20 years a justice of the peace of the country. WILLIAM ADAMS.

## THE INJURED.

George Mead, shot twice in the body and will die. John Lambert, shot through the shoulder and seriously but not fatally injured.

Two brothers of John Lambert, who engaged in the fight are believed to be wounded, but escaped to the mountains.

The fight started over an attempt of Lambert, who was clerk in a store at Greenshoal, to collect an account against Adams. There is much talk of lynching the Lamberts if they are captured tonight.

## THREE DROWNED IN WHITE RIVER.

Stuttgart, Ark., September 6.—J. H. Diggle, Miss Mary Johnson and Mrs. Leta Voitein, the latter two sisters, were drowned in White River by the capsizing of the gasoline launch in which they were riding. They, in company with Miss Gretchen Shaw and Virgil Dawson, left here for a short trip up the river. They were on the return trip and about two miles from Clarendon, shortly after dark when the accident occurred.

While running near the bank at what is known as "Neely-Foot," a very swift portion of the river, an attempt was made to run the boat under a projecting willow tree, but the tree was too low and caused the boat, which was said to be "top heavy," to overturn and sink immediately.

Miss Shaw and Dawson made their way to the bank. The bodies of the others have not been recovered. The launch was uninjured.

## TWO MEN DROWNED.

Wynne, Ark., September 6.—Two young men, Charles Demont and Jay Pedan, of Vandalia, while in bathing at the mouth of Bay St. Francis River, were drowned.

## UNKNOWN NEGRO LYNCHED.

Hamburg, Ark., September 6.—An unknown negro was found hanging riddled with bullets this morning about six miles southwest of Hamburg. He had entered the house of two white women. W. A. Rohy held an inquest.

## 10,000 STRONG

THE TEMPLARS MARCHED AT SAN FRANCISCO TODAY.

San Francisco, Sept. 6.—The Knights Templars, ten thousand strong, marched through San Francisco's streets today formally opening the twenty-ninth triennial convocation. The order of parade was one of the finest ever witnessed here.

## WAS TOO LATE

HEROIC EFFORTS TO SAVE LIFE OF DIED BOY FRUITLESS.

Chicago, Sept. 6.—Speeding on a train from Columbus, O., to Chicago in the hopes of obtaining Pastern's relief for hydrophobia, Robert Strickland, aged 5 years, died on a car last night in the midst of terrible convulsions. He was bitten by a dog nine weeks ago.

## BRYAN MEN ARE DESERTING PARKER

Bryan's Personal Representative  
in New York for Watson.

New York Democrats are Beginning  
to Doubt the Sincerity of the  
Nebraska Statesman.

## DON'T LIKE PARKER'S FRIENDS

New York, Sept. 6.—Melvin G. Palliser, who had charge of the arrangements for receiving William J. Bryan when he returned from Europe last spring, and who has acted for some months as the personal representative in this city of Mr. Bryan, has declared that, while loyal to the democratic party, he could not bring himself to vote for Parker, and that in consequence he intended to advocate the election of Mr. Watson.

The announcement aroused a good deal of speculation as to just what inspired Mr. Palliser's statement. It was recalled that, while Mr. Bryan has announced that he will support Judge Parker, he has written to Mr. Taggart that he is so much in need of a rest that it will be impossible for him to do anything to help the democratic nominee until October.

When Mr. Palliser's statement was shown to the democratic chieftains there was an inclination to doubt Mr. Bryan's sincerity in his promise to work for Judge Parker. The feeling which Mr. Bryan had, and still has for Mr. Hill is well known, and this extract from Mr. Palliser's statement was commented on:

"I am in communication with Bryan democrats throughout the state, and a great majority of them have expressed themselves in favor of Mr. Watson. The Bryan democrats have a true estimate of the character of David B. Hill, and his justly odious personality has encouraged them to declare themselves openly against his puppets. It is this widespread sentiment throughout the state which has forced from Hill the promise to retire from politics after next January. Those who have watched his record in the past will recognize in this declaration merely a campaign trick."

"But even if the declaration is sincere he gives no assurance that he will refrain from securing positions for his henchmen, who will, if an opportunity is afforded, perpetrate his corrupt methods. His declaration is a surrender which concedes the defeat of Judge Parker. Mr. Bryan has denounced him and his associates in this state as allies of the plutocracy, and has not withdrawn or modified this statement. Under these circumstances Bryan democrats will refuse to support either Parker or Roosevelt, and will vote for Mr. Watson, who is the only representative of democratic principles in this campaign."

## FINE DAY

Thousands Enjoyed Yesterday's  
Celebration by Labor.

Miss Ollie Crandall Elected Goddess  
of Labor By the Various Unions.

Labor Day was celebrated in an elaborate and enjoyable style in Paducah yesterday. There was an immense crowd at the park during the day and until late at night, and nothing occurred to mar the pleasure of the occasion.

The balloting for goddess of labor at the park was spirited and Miss Ollie Crandall, daughter of Mr. Lou Crandall, was elected goddess for the ensuing year by a good majority.

The unions will hold the crowning ceremonies in about two weeks. The victorious young lady was the candidate of the carpenters' union.

Fully 9,000 people paid admission to the park yesterday, and the festivities were duly enjoyed. There was dancing all day, and the troupe at the park gave three performances to packed houses. The entire celebration could not have been more satisfactory and creditable.

Hon. Charles Reed went to Dawson today on business.

Mr. Frank Ferriman has returned from the world's fair.

## UNIONS TO VOTE TO CALL OFF STRIKE

The End of the Gigantic Struggle  
is Near.

One Thousand Men at Chicago To-  
day Applied For Work and Many  
Were Taken Back.

## 200 RETURN AT OMAHA

Chicago, Sept. 6.—Pres. Donnelly predicted today at a conference that the board will vote affirmatively on calling off the butchers' strike, and that the local unions eagerly will accept before nightfall. It is expected that all the unions will have voted on the proposition according to the agreement, and calling off the strike will result in better conditions of employment, with less surplus of labor, and steady work as far as possible for all employers and employees.

## 1,000 APPLY FOR WORK.

Chicago, Sept. 6.—More than a thousand strikers applied at the stock yards for positions before 9 o'clock today, many being taken back.

## 200 TAKEN BACK AT OMAHA.

Omaha, Sept. 6.—Anticipating the end of the strike, about 200 strikers applied for their old places today at South Omaha this morning. All were taken back.

## TOM SANDERS HURT

Popular Young Drummer Has  
a Narrow Escape.

Railing Gave Way and Precipitated  
Him to Pavement on His Head.

Mr. Tom Sanders, the well-known shoe drummer, met with a serious accident Sunday morning at his home in Arcadia, and has been confined to his bed ever since. This morning he is better, but will be unable to leave his bed for some time.

Mr. Sanders was leaning over the back porch rail to drop down some wearing apparel when the railing gave way and let him fall. His head and shoulders struck the hard brick pavement below and he was picked up several minutes later in an unconscious condition. The fall was about 15 feet and he struck with considerable force. Dr. Lillard Sanders, his brother, was at home at the time, and Dr. J. Q. Taylor was also called, and after an hour's work restored Mr. Sanders to consciousness.

His many friends will be pleased to learn that he is fast recovering.

## HON. WILL GRAHAM

WELL KNOWN POPULIST SPOKE  
AT BENTON YESTERDAY.

Mr. J. Will Graham, of Paducah, made a Populist speech yesterday at Benton to a large crowd. Yesterday was county court day and many voters were in town. Mr. Graham has been voting the Democratic ticket, but can not stand for Parker and the Wall Street crowd.

He says that he has Populist sentiment in Marshall county rapidly reviving, and expects to Populists to poll a big vote in the first district in November.

## THE SCHOOL BOARD WILL MEET TONIGHT

A Number of Matters to Come  
up for Discussion.

The Board Will Dismiss the Elec-  
tion of Two Truant  
Officers.

## COAL CONTRACT TO BE LET

The board of education will meet tonight and act on several matters of importance.

The matter of electing two truant officers will be discussed, and from indications the board will appoint tonight or will take steps to have such officers appointed before the opening of schools. The law requires one truant officer to every three thousand pupils, which will give Paducah two such officers. Truant officers go about the city and see that every school child within the age limit is attending school. Louisville will elect no truant officers this year because there is no appropriation for paying them.

The coal contract will be let tonight. There are 12 bids in, nearly every local dealer having a bid. This will amount to considerable to the successful bidder. Last year the coal bill for the winter season amounted to something like \$12,000.

Two colored teachers who successfully passed the examinations will be elected substitutes. They are Mattie Anderson and Georgia Jones.

Pauline Meyers, colored, will probably be elected to succeed Geo. F. Porter, resigned, of the Lincoln school.

Miss Moore, of Lexington, will be appointed to fill the vacancy by the resignation of Miss Charles, who would have taught in the primary grades.

## BY SATURDAY

THE PINK SLIP MAY BE RE-  
MOVED FROM PADUCAH  
POLICIES.

From every indication the pink slip, which has been an extra financial burden on all fire insurance policy holders who renewed during the last several months, will be a thing of the past by Saturday.

This morning Commissioner C. O. Rose received a letter from Mr. Claude F. Snyder, secretary of the Kentucky and Tennessee board of underwriters, saying that the Paducah matter would be referred directly to the executive board today at Nashville and that the board would probably authorize a representative to come to Paducah Thursday or Friday to act with Mr. Rose in removing the pink slip.

The underwriters' representative will inspect the fire department and will then report back, but this will require little time after it is seen that every requirement of the insurance men has been complied with, and local insurance men think the "pink slip" will be removed immediately after the inspection.

## GETS \$16,000

MRS. R. S. BARRICK RECEIVES  
A NICE LEGACY.

Mrs. R. S. Barrick, wife of the well known cooperage man of the Paducah Cooperage Company, has just received her share of the estate of Mrs. Staggmire, an aunt who died in Eureka, Cal., sometime ago, amounting to about \$16,000. The estate has just been divided. Mr. Barrick was formerly yardmaster for the Illinois Central here.

## NO JOBS

AND FOUR THOUSAND LEFT  
FOR FOREIGN SHORES.

Rome, September 6.—It is stated that during the past fortnight over four thousand Italian emigrants have landed at Naples from New York and Philadelphia, having found it impossible to obtain work in America. The government is making every effort to discourage continued immigration.

## DOUBLE HEADERS IN K. I. T. LEAGUE

Paducah Won Two From Henderson Yesterday.

Cairo Dropped Two to Clarksville—An Even Break at Vincennes.

### CHANGE OF SCHEDULE TODAY

How They Stand.

P. W. L. Per.	
Paducah, 112 70 42 365	
Clarksville, 113 67 46 393	
Henderson, 111 59 52 352	
Vincennes, 114 49 64 434	
Hopkinsville, 113 47 67 416	
Hopkinsville, 113 47 67 412	

Yesterday's Results.  
Paducah, 9-5; Henderson, 3-4.  
Clarksville, 5-7; Cairo, 4-3.  
Vincennes, 4-1; Hopkinsville, 1-3.

Today's Schedule.  
Paducah at Vincennes.  
Cairo at Hopkinsville.  
Clarksville at Henderson.

Paducah Takes Two.  
Henderson, Sept. 6.—Paducah took both games yesterday, Brady pitching the first and Hall the second.

First game:  
R. H. E.  
Paducah, 8 6 2  
Henderson, 3 5 0  
Brady and Land; Morgan and Downing.  
Second game:  
Paducah, 5 10 5  
Henderson, 4 8 1  
Hall and Land; McNitt and Downing.

Cairo Loses Two, One an Exhibition.  
Clarksville, Tenn., Ky., Sept. 6.—The last both games yesterday, but one of them was an exhibition.

First game:  
R. H. E.  
Clarksville, 5 0 4  
Cairo, 4 0 3  
Willis and Stark; Wilder and Harvey.  
Second game:  
R. H. E.  
Clarksville, 7 11 2  
Cairo, 3 0 4  
Collins and Pettigrew; Crangle and Harvey.

The second game was an exhibition.

An Even Break.  
Vincennes Ind., Sept. 6.—The double header was an even break yesterday.

First game:  
Vincennes, 4 5 3  
Hopkinsville, 1 5 3  
Whitley and Lemon; Petter and Ketter.  
Second game:  
R. H. E.  
Vincennes, 1 6 3  
Hopkinsville, 3 5 1  
Clayton and Lemon; Ferrell and Ketter.

### Cairo's Opinion.

According to article VII, section 4, Paducah has very clearly forfeited the game played last week when Goodwin of Vincennes pitched for that team against Cairo. The section says in part: "That there shall positively be no loaning, selling, or releasing for any, or no consideration, during the championship season, except during the first three (3) months thereof, a player may be loaned to a crippled team which absolutely requires his services, provided, first, that the crippled team shall make and file affidavit with the secretary that the player's services are indispensable to it on account of its crippled condition."

### Well-Known Pitcher Dies.

Murray Brown, known in the baseball world as "Babe" Brown, the star twirler for the New Orleans Southern League team, is dead, having died of typhoid fever in Shreveport, La., yesterday.

Brown was born and raised in Louisiana and went to playing ball a little more than two years ago. He was but 21 years of age but rated as the best pitcher in the Southern League. He has a brother who caught for Paducah a short time last season, being the regular catcher for the class Louisville amateur team.

"Babe" Brown was small, weighing but 120 pounds, but was a terror to all Southern League batters. His record last year was about 7th in the pitching averages and this year is said to be even better.

### At Amateur Game.

The I. C. Machinists and I. C. Boiler-makers played at baseball at Wallace park yesterday afternoon, resulting in

a victory for the Machinists by a score of 18 to 1. The only feature of the game was that the machinists seemed to have a batting eye on Woodbridge, who was knocked out of the box in the early part of the game. Errors were plentiful.

## FIRST CONVICTION IN CIRCUIT COURT

Alleged Thief Pleads Guilty and Gets One Year Today.

Petit Jury Impaneled and Witnesses Warned to Be on Hand in All Cases.

### COURT IN FULL SWING NOW

Judge W. M. Reed convened the second day of the September term of circuit court this morning and empaneled the petit jury as follows:  
Burk Hill, Wm. Mitchell, Geo. W. Murphy, E. T. Jett, W. H. Bailey, Henry Alcock, Oscar Rawlinson, W. Page, C. Walker, John Craig, Marion Barry, J. A. Uselt, W. H. Dunaway, E. D. Thurman, Geo. E. House, W. A. Campbell, Gus Unrath, J. J. Holly, W. E. Downing, Geo. Rock, L. D. Watson, R. J. McKinney, Charles McKimney and R. J. Atkins.

Judge Reed instructed all attorneys to have their witnesses ready as he intended to conduct court as he has been, in a speedy manner, and immediately dove into the docket.

The case of Taylor vs. Griffin was dismissed.  
In the case of Beckley-Ralston Co. against H. C. Warden, a judgment for \$223 was filed.

On motion of Attorney John K. Hendrick, J. B. Alenworth was admitted to the bar to practice law. He came here a short time ago from Hopkinsville, to locate.

J. W. Egster, colored, was admitted to practice at the bar on motion of Judge James Campbell.

The forfeiture case against Jas. W. Baker was dismissed.

The false swearing case against Sam Holland, white, was reset for the 5th day and witnesses summoned.  
The case against John Whitnell for malicious cutting, was continued. The attorneys were instructed to procure witnesses and the commonwealth was also ordered to see that it had its witnesses on hand. This seems to be the only trouble with such cases—the witnesses fail to show up, and Judge Reed will see that they are procured for the day the case is set.

The robbery case against John Bulger, white, was continued and set for the second day of next term.

Harry Thacker, whose real name is Arthur Riggs, white, of a prominent Louisville family, whose case was set for today was not present and the \$200 bond held by the clerk was declared forfeited. Riggs is alleged to have snatched a diamond stud from Frank Jones, the hardware man, and a few weeks ago his father, who is a prominent Louisville insurance man, came here and got his son out on bond. The case was continued until next term, and every effort to get Riggs here will be made.

The case against Robert Craig, for obtaining money by false pretenses, was dismissed without prejudice. The witnesses were not on hand.

The case against Robert Wood, colored, charged with breaking into a storehouse, was dismissed on account of witnesses not being on hand and the impossibility to get them.

Three cases of selling liquor without license were called against Pete Keys and on one was fined \$25 and costs and in the other two dismissed.

The malicious shooting case against Lee Ellis was continued.

In the case of Hade and Jake Thompson, charged with disturbing a public assembly, the former was dismissed and latter continued.

The case against Lena Fowler, charged with malicious shooting, unable to procure its witnesses.

L. E. Adams, an insurance writer who was accused of securing money from Richard Cummings, colored, on the allegations that he was an insurance man, when it was charged he had no connection with the company he represented was acquitted of the charge. The charge had been standing for some time and Mr. Adams' friends will be pleased to learn he has been cleared.

Van Flowers, colored, who confessed to grand larceny, was given one year in the penitentiary, the first sentence passed by the jury.

Tack Parrish was fined \$50 and costs for cutting in sudden heat and passion. The case is of long standing. He was charged with malicious cutting.

And Elrod, charged with fast driving on the public highway and with nuisance, was fined \$20 and costs in both cases.

At press time this afternoon the case of Gus Jackson, white, charged with con-

ducting a disorderly house at Melber was going to the jury. It is alleged he sold beer and such intoxicants at Melber.

The Willis Mount murder case is set for trial Thursday.

## THE TOBACCO CROP NOT MUCH SHORT

A Fairly Good Crop Has Been Raised.

Prices Are Expected to Be Better Than They Have Been For Some Time Past.

### REHANDLING HOUSES CLOSING

Local tobacco men say that although it is claimed in some quarters that the tobacco crop in this section will be light, as a matter of fact it will be nearly as large as usual and prices will probably be better than for some time past, because the crop is more to the liking of the buyers.

The rehandling houses are closing down, and in a few weeks they will all have closed for the season. The Imperial company's steamery at Fifth and Clay has been closed for some little time, and Manager Clarence Martin has gone to Greenville, Ky., to accept a position.

The Imperial company's steameries in this country, which include several in Kentucky, will not do much until the English government removes the tax recently imposed on stemmed tobacco. The company could ship it with the stems, but it is claimed stemmed tobacco is too hard to handle after being prized for shipment, and that such a bowl will eventually go up from many factories in England over having to pay 6 cents for the stemmed tobacco, or handling the product with stems, that the government will remove the tax. The tobacco sales in Paducah are improving and tomorrow the regular sales will be held with about the usual offerings.

### ACCESSES.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size and it cured my leg. It is the best liniment in the world."

ACCESSES, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc.

ALLEGED BOTTLESTEPPER HELD.  
Arthur Sawyer, white, who was arrested near Hickory Grove for selling Cream Ale and alleged intoxicants without a license, was tried before Commissioner W. A. Gardner this morning and held over to the federal grand jury under a \$300 bond which he gave.

### DECISION RENDERED.

U. S. Commissioner W. A. Gardner this morning heard the evidence in a claim of Rufus Hill, colored, against the steamer Charleston for \$9 for services as a deck hand, and decided for the boat.

### ILLINOIS CENTRAL RAILROAD CO.

#### Notice to Stockholders.

Public notice is hereby given that the regular annual meeting of the stockholders of the Illinois Central Railroad Company will be held at the Company's office in Chicago, Illinois, on Wednesday, October 19, 1902, at 12 o'clock noon.

To permit personal attendance at said meeting there will be issued to each holder of one or more shares of the capital stock of the Illinois Central Railroad Company at the close of business on Tuesday, September 27, 1902, who is of full age, a ticket entitling him, or her, to travel free over the Company's lines from the station on the Illinois Central Railroad nearest to his or her registered ticket to be good for the journey to Chicago only during the four days immediately preceding and the day of the meeting, and for the return journey from Chicago only on the day of the meeting and the four days immediately following, when properly countersigned and stamped during business hours—that is to say, between 9:00 a. m. and 5:00 p. m. in the office of the Assistant Secretary, Mr. W. G. Bruen, in Chicago. Such ticket may be obtained by any holder of stock, registered as above, on application, in writing, to the President of the Company in Chicago. Each application must state the full name and address of the stockholder exactly as given in his or her Certificate of Stock, together with the number and date of such certificate. No more than one person will be carried free in respect to any one holding of stock as registered on the books of the Company.

A. G. BACKSTAFF, Secretary.

### BETTER CABS

ILLINOIS CENTRAL TO MAKE IMPROVEMENTS ON MANY ENGINES.

An improvement is being made to the cabs of engines ranging from No. 1 to 64, the big freight engines, by rearranging the rear of the cab.

Heretofore the engineer and fireman have had to go around and enter through one door and then climb up into their seats, but this door has been narrowed and little doors cut in each side of the cab, the engineer and fireman being enabled to step directly into their places. All cabs will be reconstructed this season in this way.

## JEWISH HOLIDAYS SOON TO BEGIN

The Year 5655 to be inaugurated Next Friday Night.

Orthodox Churches Observe Two Days and Reformed Churches Only One.

### YOM KIPPUR TEN DAY LATER

At sundown next Friday night the Jewish New Year will begin. Services will be held inaugurating the year 5655.

In every Jewish church in the world services will be held Friday night and Saturday morning in observance of New Year's day. The orthodox churches observe two days of the new year, while only one day is observed by the reformed churches.

The Jewish New Year is not a historic holiday. According to old tradition it dates from the creation of the world. It is a purely religious holiday.

"Rosh Hoshannah" is the Hebrew name given to the new year. Ten days after Rosh Hoshannah comes "Yom Kippur," or the Day of Atonement. The period intervening is called the Season of Penitence. The Sabbath day between "Rosh Hoshannah" and "Yom Kippur" is called the Sabbath of Penitence.

The advent of the new year is observed in the Jewish church by the blowing of trumpets, singing and the offering of prayers.

"Yom Kippur" is the most solemn day of all Jewish holidays. It is observed by the orthodox churches by total abstinence from food or drink from sundown of the evening before the Atonement day until sundown of the day itself. The religious Jew remains in church during the entire day.

Reformed churches, however, do not observe the day with all its historic strictness. Many of them no longer observe the fasting feature of the holiday.

Always the Day of Atonement comes to a close with a big feast in all the Jewish homes.

With "Yom Kippur" the Feast of Tabernacles lasts eight days. This period is called "Sukoth." It is an historic holiday, commemorating the passing of the children of Israel through the wilderness. It also marks the harvest, or fall season of the year.

## WONDERFUL CURE OF SORE HANDS

By Cuticura After the Most Awful Suffering Ever Experienced.

### EIGHT DOCTORS

And Many Remedies Failed to do a Cent's Worth of Good.

"About five years ago I was troubled with sore hands, so sore that when I would put them in water the pain would very nearly set me crazy, the skin would peel off and the flesh would get hard and break. There would be blood flowing from at least fifty places on each hand. Words could never tell the suffering I endured for three years. I tried everything that I was told to use for forty three years, but could get no relief. I tried at least eight different doctors, but none of them seemed to do me any good, as my hands were as bad when I got through doctoring as when I first began. I also tried many remedies, but none of them ever did me one cent's worth of good. I was discouraged and heart-sore. I would feel so bad mornings when I got up, to think I had to go to work and stand the pain for ten hours, and I often felt like giving up my position. Before I started to work mornings I would have to wrap every finger up separately, so as to try and keep them soft and then wear gloves over the rags to keep the grease from getting on my work. At night I would have to wear gloves in bed. In fact, I had to wear gloves all the time. But thanks to Cuticura, the greatest of all great skin cures. After doctoring for three years, and spending much money, a box of Cuticura Ointment ended all my sufferings. It's been two years since I used any and I don't know what sore hands are now, and never lost a day's work while using Cuticura Ointment."

## MANY FAVORED

Sponsor to Christen the Gunboat Arouses Interest.

Several Popular and Attractive Young Ladies are Mentioned.

A great deal of interest is being taken in the appointment of a sponsor to christen the gunboat Paducah at Morris Heights next month, and several popular young ladies are being mentioned in connection with the honor.

It is not known yet who will make the selection, or how it will be made, but usually it is left to the mayor of the city after which a vessel has been named.

City officials who have informally discussed the selection of a Paducah sponsor are inclined to think that it will not be an enviable task.

It is said one method suggested is of having the daily papers print outpicks and allow the public to vote on who is to represent the city.

Another is to place the names of the most eligible young ladies in a hat and draw the sponsor.

A question that will cut some figure is the expense of the trip, roughly estimated at \$250. The question of whether the city or the sponsor is to pay it has not been settled, but it is customary for the city to pay it.

Among those being mentioned for sponsor are:

Misses Elizabeth Sinnott, Louise Cox, Jeanette Campbell, Faith Langstaff, Aline Bagby and Misses Annie May and Florence Yeiser.

The friends of the respective young ladies are getting very enthusiastic over the appointment, although the honor will of course go unsolicited.

The mayor is not disposed to discuss the subject now, as nothing has been brought to his notice concerning it officially.

A suggestion that is favored by many is that former Congressman Charles K. Wheeler be permitted to name the sponsor. It was through the influence of Mr. Wheeler that the gunboat was named "Paducah," and when the mayor is asked to name the sponsor, as a matter of courtesy to the congressman who made it possible for Paducah to have the gunboat named for Paducah, and consequently created the necessity for a sponsor, many think the mayor should then leave the selection to the former congressman.

## CITY ASSESSMENT WILL BE MADE SOON

All Citizens Should Send in Their Lists.

If They Do Not, Property They Do Not Own May Be Charged to Them.

### COMPLIANCE WITH LAW BEST

The mayor of Lexington, Ky. has in an interview urged on all citizens the necessity of giving in their assessments. The conditions there are doubtless very much as they are in Paducah.

A great many of the citizens seem to think that the city assessor has to call on them. They do not make out any list of their property, pay no attention to the notice of the assessor, and then when the time to pay the taxes comes around are surprised to find they have been incorrectly assessed; that personal property they have owned, but have sold, is assessed to them. Not unnaturally, they try to keep from paying the taxes assessed against them, or in case they do pay to have the city council refund the amount paid.

It is the duty of every citizen to go to the assessor's office and give in a list of the property, both real and personal which he owns on the 15th day of September. If he does not do so, the assessor has to make the best assessment he can, and this is usually done, of necessity, by copying an old list. Of course errors are made in this way, and both the taxpayers and the city officials are put to ten times the trouble they would be if the taxpayer gave in his list at the proper time. But if through the neglect of the taxpayer himself these errors are made, if he is too lazy or too negligent, to give in his assessment, he ought to suffer.

If the taxpayers themselves will obey the law there will be a good assessment made this year and there will be no complaints when the taxes become due. If any taxpayer doesn't obey the law, if he fails to give the list of his property, he will have to bear with any mistakes which are charged against him next year.

## THE LONGEST AND BLOODIEST BATTLE EVER FOUGHT IN WORLD'S HISTORY

St. Petersburg, Sept. 6.—The battle of Liao Yang, which began with a Japanese advance on Aug. 24, the day of the christening of the Czarevitch, and concluded Saturday, Sept. 3 with the retreat of Gen. Kuropatkin, is believed to have been the longest and bloodiest of history.

Numerous incidents of the fighting upset the theory evolved by experiences in the Boer war that a modern battle must necessarily be fought at long range. Both sides repeatedly met in hand-to-hand encounters in bayonet charges, and the men of both sides were often so near each other that they could distinguish features and hear words of command. In one instance they were separated only by the width of the railroad, and actually threw stones at each other. The mad heroism of the Japanese and the stubborn tenacity of the Russians has seldom, if ever, been paralleled.

Correspondents say that several of the bayonet attacks made by the Japanese during the battle have been forced by the depletion of ammunition of which modern arms entail such extravagant expenditure. The Japanese came on with empty guns and with hopes of finishing the attack with cold steel, but it was proved at their own cost that such attacks cannot be driven home in the face of the fire of breech-loading guns.

The Russian artillerymen suffered terribly in the prolonged fighting south of the Taitsie river. One battery lost forty men killed and the remainder of it were wounded, and when a fresh battery was brought up into position the survivors of the original battery protested with tears at being removed, begging to be allowed to die beside their own guns.

The work of the Red Cross, which throughout the war has been most devoted on both sides, has proved almost as dangerous to nurses and doctors as has the work of the combatants. Many bearers and their assistants have been

killed or wounded in attending to injured under fire. A Sister of Mercy was killed and a surgeon wounded in the final assaults on Liao Yang.

Telegraph operators and correspondents also have suffered severely. Two correspondents of the Associated Press have been shot, and one has been decorated for bravery.

During the ten days' fighting the condition of the soldiers in both armies has been pitiable.

Many of the Japanese prisoners were starving and almost naked when captured, which speaks volumes for Japanese endurance. It is wonderful that the commissary arrangements made it possible to continue to supply the men during such a continuous battle. The Russians were better fed, being nearer their own base, but the terrible strain of the continuous fighting caused some of them to fall asleep in the midst of cannonade and even on the firing line.

### NEW SCHEDULE.

Telegraphers Appoint a Committee to Go to Chicago.

Last night at Princeton a big meeting of the Order of Railway Telegraphers was held and a committee appointed to go to Chicago to arrange a new schedule.

The order is strong and gaining in strength every day. The Louisville division operators are nearly all members of the order and last night the new contract was mapped out. The changes in schedule prices varies little from the old.

### Assistant Assessor.

County Assessor John Hughes is hard at work on the county assessment. He himself is getting the figures for the city proper, and has appointed for the work outside of the city Messrs. Ed Willett and Stokes Harkley, who are also at work.

## ABILENA

AbilenA is a natural water. It holds in solution salts dissolved from natural deposits in the earth. It is Nature's cathartic compound—a natural mineral water. Mineral waters are recognized everywhere as the most efficient, as well as the least injurious, cathartics. AbilenA is the best mineral water on the American market. It is The American Natural Cathartic. The discovery of AbilenA was a simple revelation of nature. For a long time after the first well was dug, the water, being unfit for domestic purposes, was not used at all. Practical tests afterward disclosed its medicinal properties and the report of its virtue was rapidly disseminated. Finally several chemists analyzed the water and the results manifested its great therapeutic value and preindicated its future renown. Sold only by

McPherson's

## "STANDS PAT."

The American Agriculturist, the highest authority in the country among the farmers, in a leading editorial of the current issue calls attention to the continued prosperity of our farmers during the past seven years (under the administrations of McKinley and Roosevelt) and under the operation of a protective tariff.

Concerning the present year it adds: "In a word, our judgment is that American farmers will receive more money for their production of 1904 than in any previous year."

"Whether the net profit to farmers will be greater than ever before it is difficult to say. In spite of the scarcity and high price of labor on the farm and the consequent increased cost of many agricultural operations, it is probable that the relative decrease in price of many manufactures the farmer has to buy and the high range of values of what he has to sell will make 1904 the most profitable one in the history of American agriculture."

It is not to be wondered at, then, that this high authority thinks best to let well enough alone and continue the present administration in power. As it most truly says, the farmers will decide the election, and it can well be believed that they will decide it in behalf of Roosevelt and Fairbanks.

## INDIFFERENCE TO PARKER.

"Why is the campaign so dull?" is the most popular question asked in one form or another on the Democratic editorial pages, says the New York Tribune. Why? Because of their own enterprise in taking the edge off it in the first two days. Various expedients are suggested for putting fire into the campaign. Some papers are content to look forward hopefully to their candidate's letter of acceptance; but it seems a long time to wait till the first week in October, when, according to the etiquette of national elections, that thrilling missive will see the light of day. Some shudder perceptibly at the indifference that may accumulate within that period, and suggest peppering the interval with telegrams. Thus we might have a brand new thrill of heroism every morning, and it might be sustained till November 8 at the small cost of 25

cents per ten words.

The intention of the Board of Public Works to improve the city street light facilities will be hailed with delight by the people of Paducah. When it is considered that Paducah has less than half the street lights of Owensboro and many other smaller places, and that these are burned only on moonless nights, it will be more readily understood why relief is so badly needed. The plan of using the lights only on nights when there is no moon is so stupid that officials in a city the size of Paducah ought to be ashamed to own the responsibility of it.

Even the most ardent admirer of Japan is bound to concede that the Russians are doing fairly well considering the number of times they have been "bottled up," "cut off," "surrounded," "starved out," "routed" and chased all over the map. And moreover, Port Arthur is still "falling," and we are now told it will be two more months until it hits bottom.

Paducah's Labor Day parade and celebrations were a credit to organized labor. They were painstaking and attractive, enjoyable, and conducted in a most orderly manner. There was nothing to mar their success, and the various unions, as well as the individuals who gave time and effort to make Labor Day a success, are to be congratulated.

It is generally regarded as good business to retain the faithful, upright employee and not dismiss him at the end of a few years' service to experiment and see if some one else can do as well. Our president has been a good servant.

Candidate Davis is said to be fond of poker playing with chips of no value. That will be overlooked by the Democratic managers as long as he does not get into the habit of writing imaginary checks.

The publication is announced of a book entitled "Fifty Years of American Progress." Some one has evidently not been writing the history of the Democratic party.

Democrats have about abandoned all hope of making any gains in the Middle West. The American farmer is a millionaire and does not want a "change."

Erving Winslow declares that he can not understand Judge Parker's speech of acceptance. For once in his life Winslow is with the majority.

Gen. Kropotkin to the Japs: "Push but don't shove."

## BOARD OF WORKS

A SPECIAL MEETING FOR THIS AFTERNOON.

The Board of Public Works will meet this afternoon at 4 o'clock in special session to open bids for the market house and to settle the Terrell street controversy matter, if possible.

Judge William Reed, to whom the matter of the dispute between Contractor Terrell and City Engineer Washington over filling of the brick streets, was referred, will report in writing and the board will act in accordance with this decision.

The bids for the market house will be opened and the contract let to the lowest and best bidder.

There is a little routine business to transact but these are the most important matters to be acted on. The board will act quickly and likely spend little time today. The regular meeting time is Wednesday night, but on account of the urgent necessity of settling the market matter settled it, decided to meet today.

Mr. R. R. Sutherland, the police and fire commissioner, has returned from Benton, where he spent Labor Day.

## ESCAPED IN WOODS

Officers Have an Exciting Chase After Suspects.

Fired Several Shots But Failed to Hit the Fugitives.

Patrolman Aaron Hurley and Special Officer Tom Murray, of the local I. U., had an exciting chase with two men suspected of being escaped jail birds from Memphis, this morning about 5 o'clock in the woods near the south I. U. yards. Last night the police department here received a telegram from Memphis saying that two men had escaped from the jail there and it was supposed they had come this way. The various police officers were notified and given a description of the men and Officer Hurley went to the railroad yards to see if he could locate them.

He met Officer Murray and the two began a search. They saw two men answering the description of the men wanted standing in the edge of the woods, but when the police neared them, took to the woods. The officers pulled guns and after repeated commands to halt, shot about a dozen times at their fleeing forms.

The shots did not take effect and the police were clearly outstripped.

## WIFE FAINTED

WHEN HER HUSBAND STARTED TO KICK A MAN.

There was a "rough house" on a Rowlandtown car last night early when a drunken man was ejected from a car for using insulting and profane language in the presence of ladies.

The young man boarded the car about Twelfth street and was coming to town. There were many ladies on the car and when he began cursing a leatherworker who had his wife with him, asked the man to stop but no attention was paid to his appeal.

Finally the conductor with the assistance of several passengers ejected the man from the car but the leather worker's fire was up and he started out of the car to give the obnoxious person a thrashing. Several women feeling trouble ahead pulled and tugged at his coat and at this juncture the excitement was too great, the wife feeling over in a faint, but she was quickly restored.

## CURES HAY FEVER

NEW AUSTRIAN DISCOVERY TRUE SPECIFIC FOR THIS COMPLAINT, ASTHMA, AND CATARRH.

New York, September 6.—Continued evidence through consular reports and domestic investigation all tends to prove that acetate, the new Austrian discovery, is a true specific in cases of hay fever, asthma and catarrh. Chronic cases have been pronounced cured after the patient had taken but 400 drops. Acetate is an almost tasteless liquid administered in minute doses of seven drops twice daily. As a preventive of hay fever certain results are obtained where the patient begins the treatment several weeks in advance of the annual recurrence of the disease. The Austrian dispensary, 6 East Fourteenth street, New York City, is commissioned to send sample bottles of acetate free by mail to persons in all parts of the United States, on application.

## MILD CASE

COLORED LUNATIC HAS A MANIA FOR ROAMING AROUND.

Emma Lancaster, colored, who is in the city lockup waiting for trial for lunacy, will be examined today by the city physician and then taken to jail to await trial in circuit court, which is now in session.

The woman's case seems to be mild as she simply wanders about and will not remain in one place long. She has a mania for roaming the streets and visiting houses where she is not known, and her brother came here this morning to look after her and take steps to have her tried.

She came originally from Jackson, Tenn., and claims to have been ill several weeks ago and is now in a nervous state of mind.

ALL CASES CONTINUED.

Today County Judge R. T. Lightfoot convened his regular quarterly court, but did not try any cases.

He continued all cases and set them for different days of the month.

## LIVELY TIME

FIGHT STARTED ON THE CAR, WHICH WAS SOON EMPTIED.

Mr. L. A. Lagomarsino was reading a paper about 11 o'clock last night at his home on West Jefferson street near Fountain Avenue when a car scraped along to the switch and stopped to wait for the other car.

In a few moments Mr. Lagomarsino heard a shuffling and stamping outside, and when he looked out his door witnessed a scene that beggars description.

"Two men inside the car had started a fight," he said today, "and they were fighting desperately while the men, women and children scrambled to get out of the way. The other passengers crawled out of windows, over one another and soon emptied the car, but fortunately no one was hurt." The belligerents were soon separated, and the car proceeded. No arrests were made and no one seemed to know the men who were fighting.

## DECLINED THE CALL

FLATTERING OFFER WAS RECEIVED HERE BY PROF. HENKEL.

Prof. T. F. Henkel, teacher of the German Lutheran school, on South Fourth street, received a call to take charge of the English Lutheran school of the Redeemer, of Cleveland, O. The matter was laid before the congregation at the regular meeting Monday night, September 5. After a long debate on the subject, the congregation unanimously voted to retain Prof. Henkel, and he reported to the congregation that he would abide by their decision. Prof. Henkel will begin his third session on Monday next, September 12.

## LICENSED TO MARRY

SEVERAL ISSUED TODAY—COUPLE FROM ILLINOIS WED.

Herman Schulte, of East Aton, Ill., age 31, to Mary Schulte, of Festerburg, Ill., age 33. They are first cousins and came here to marry because of the laws of Illinois not permitting cousins to marry.

Harry H. Lewis, an electrician, of Indianapolis, age 21 to Myrtle Griffin, of the city, age 19. First marriage of both.

Hal A. Sullivan, of the city, age 22, to Birdie Owen, of the city, age 17. First marriage of both.

## DIVORCE SUITS

TWO COUPLES WANT LEGAL SEPARATION.

Charles McCullough has filed suit against his wife Lela McCullough alleging immorality. They married in 1900 and separated in 1901.

Arthur McDonald has filed suit against his wife Mabel McDonald for divorce on the grounds of abandonment and immorality. They married January 1, 1902, and separated June 1902.

## PREACHER TO WED

REV. A. C. ILTEN GOES TO IOWA TO CLAIM A BRIDE.

Rev. A. C. Ilten, pastor of the German Lutheran church on South Fourth street left this morning for Wilton, Iowa, to be married on the 18th of September. Pastor Ilten expects to return to Paducah on Friday, September 20. The name of the bride is Miss Ada Mauer.

PROMINENT WOMAN TO BE PRESENT.

Mrs. E. T. Moore, third vice president of the Memphis Conference Home Mission Society, will meet with the ladies of the Auxiliary Home Mission Society at the Broadway Methodist church Wednesday afternoon at 4 o'clock. She will talk about her work and all members are urged to be present.

## LIVELY FIGHT.

City Weigher Hesselton and O. L. Hunt had a fight near the city scales this afternoon. The trouble started over an account, and Hesselton is alleged to have attacked Hunt with a spoke and Hunt then gave him a licking. The case will be aired in police court tomorrow.

The wax from dripping candles can be removed from table linen by a generous application of alcohol.

## Fit the Youngsters Out in School Shoes That Stand the Racket

You have often bought shoes for your children which, with a few weeks' wear are "all in"—worn out—haven't you?

You should profit by such experience and buy shoes that "stand the racket."

We have them. Have shoes made up doubly strong just for the child who is "hard on shoes."

Let us show them to you.

## NEWS OF THE RIVERS.

Gauge today reads 27 and falling. Clear and warm, with rising temperature.

The Dick Fowler arrived last night from Cairo with a good trip and left on time this morning with a good trip of both freight and passengers.

The Bob Dudley was the Evansville packet this morning, arriving late and returning as soon as she could make her transfers.

The Charleston leaves this evening for the Tennessee river.

The Clyde arrived last night from the Tennessee river and leaves again tomorrow.

The Pavona left today for Tennessee river after tea.

Capt. J. E. Brown, of Jappa, was in the city today, returning on the Dick Fowler.

The Royal made her regular trip today, leaving for Colorado this afternoon.

The Henrietta left for the mines with empties and will come back with a load of coal.

Capt. Joe Fowler was ill yesterday, but is out again today.

There is very little doing in river circles, and many of the rivermen are idle.

A little soap mixed with stove blacking will produce better and more lasting luster than without.

## NO DANGER

FIRE DEPARTMENT CAN EASILY WORK ALONG BROADWAY.

There are numerous complaints over the city's allowing the storm water sewer contractor to tear up Broadway on both sides of the street at the same time, many claiming that in case of fire a large amount of valuable property would be endangered by the inability of the fire department to reach it.

A member of the Board of Public Works stated today that the board had considered all these things, and that nothing was endangered by the ditches.

"The firemen can reach the fire plugs and the property just as well with the hose as if there were no ditches," he declared. "The hydrants are not taken away, or placed so a hose can't be attached just as easily as before. The only inconvenience in case of a fire would be to the public in standing around in the firemen's way. The ditches in this case would prove a good thing for the firemen, instead of a hindrance."

## FORTY TWO YEARS

SINCE GENERAL GRANT CAPTURED THE CITY OF PADUCAH.

Forty-two years ago today General Grant captured Paducah. He came up on a gun boat with a fleet of transports crowded with soldiers, landed down about where the incline now is, marched out Broadway to near where the old depot was at Eleventh and Broadway, and then back.

General Grant read his proclamation on about where the Armour Building now is. It was then the Watts-Given place, and many people heard it. It stated that he had come to protect all loyal citizens. General Grant came from Cairo, and soon returned there. Many citizens distinctly remember the events of that day.

## THE REACTION SHOWS ITSELF

New York Democrats Are Trying to Settle Quarrel.

Judge Parker is Now Losing Votes Daily For His Ticket Everywhere.

## DEMOCRATS IN HOT WATER

New York, Sept. 3.—As political conditions strike the eyes from the viewpoint of the metropolis, a reaction has set in against the much-vaunted Parker movement. Whether it is to persist until the day of polling or to suffer the effect of an anti-Roosevelt oscillation, will be more easily determined after the party conventions in the Empire state have settled upon gubernatorial candidates. In the latter business everything is at sixes and sevens in both camps.

Extraordinary efforts are being made by the New York Democratic managers to compose the Murphy-McArren quarrel. But it is doubtful whether the appointment of Victor J. Dowling, the ablest of Murphy's lieutenants, to the post of official organizer for the city, will greatly improve the situation. Dowling is an energetic man; but, when he comes to "crossing the bridge" with his braves he will find the King's county machine, which enjoys the powerful support of the Brooklyn Eagle, ready to "greet them with bloody hands and welcome them to hospitable graces." It is useless for Democrats to attempt to deny the chargin that has followed the Esopus speech of acceptance. In all the eastern Democratic organs the note of depression is plainly indicated.

Republicans are elated correspondingly. They had feared some stirring deliverance from Parker, which, like the "Esopus telegram," might fire the popular heart, or that part of this sensitive organ which is the easy prey of political tricksters like Hill and Sheehan. Conceding that the "moral" effect of the telegram was considerable, the Republican leaders thought it among the possibilities that Parker would supplement the dispatch with a statement in reply to the notification that would justify the so-called "McKinley Democrats" in returning to the old associations which they had abandoned in the presence of the "Irish terror." It did not happen.

## NATIONAL BOARD.

Important Meeting Will Be Held at Philadelphia.

A call has been issued for the thirty-third annual meeting of the National Board of Steamboat Navigation, of which Captain James A. Henderson is president for Tuesday September 13. The organization is the most powerful of its kind in existence, and has a membership in all the river cities from Boston to New Orleans. The call states that a good attendance is urgent this year, owing to probable legislation next session of congress regarding extension of the power of the secretary of commerce and labor with reference to laws governing steam vessels.

## SPRAINS.

## HEALTH IN SCHOOLS TO BE A QUESTION

Lexington School Board Adopts Chicago System.

It Has Much To Recommend It—Paducah Should Prepare to Protect the School Children.

## PLANS ARE MANY AND CHEAP

The board of health of Lexington, Ky., has adopted the system employed in Chicago for regulating the attendance of city school children from homes infected with contagious diseases. The rules adopted embrace a postal card system of notification obligatory upon the attending physician, health officer and school superintendent, and pre-arrange the time which must elapse before a child convalescing from contagious disease shall be allowed to return to school. As the schools of Paducah open shortly, the local board of health should take steps to regulate these matters in the Paducah schools.

The physicians of a town using the system are furnished with blank postal forms, which shall be used in notifying the health officer of cases of infectious diseases. The health officer shall then mail a postal with return card attached, to the physician, upon which are printed the time which must elapse and precautions to be taken before the child will be allowed to return to school. After the required time shall elapse the physician shall certify on the return card that the child has recovered and that the residence from which he or she comes has been disinfected.

Another postal card is provided, upon which the health officer shall notify the superintendent that contagious diseases exist in the home in question and that no child from that home shall be allowed to attend until the superintendent is notified that the home has been removed. A fourth card is provided for this purpose.

The plan is thought to be the only one that will insure absolute safety to the children.

It provides that children not infected in a family where contagious diseases exist, who are removed to another home and kept there until the period of incubation of the disease is over, may be allowed to enter school at the end of that period. The length of the period depends upon the nature of the disease as the periods of incubation is longer in some diseases than in others.

The periods specified after which a child who has recovered from a contagious disease may return to school are as follows:

Diphtheria, mild, three weeks.  
Diphtheria, severe, four weeks.  
Measles, mild, four weeks.  
Measles, severe, five weeks.  
Scarlet fever, mild, five weeks.  
Scarlet fever, severe, six weeks.

In no case shall the child be allowed to return to school until the attending physician has specified to the health officer that the required time has elapsed and proper precautions in the way of disinfection and fumigation have been complied with.

In securing data Lexington wrote to ten of the leading cities of the United States, asking to be furnished with the system employed. Chicago is the most healthful large city in the world, and its system seemed the most effective.

No child is allowed to enter the city schools without a certificate of vaccination specified to by a reputable physician. It is now only a short time until the public schools open, and owing to the size and the constant and rapid growth of the Paducah schools, something should be done by the local board of education as Lexington has done.

## GOOD SPIRITS.

Good spirits don't all come from Kentucky. Their main source is the liver, and all the fine spirits ever made in the Blue Grass state could not remedy bad liver or the hundred and one effects it produces. You can't have good spirits and a bad liver at the same time. Your liver must be in fine condition if you would feel buoyant, happy and hopeful, bright of eye, light of step, vigorous and successful in your pursuits. You can put your liver in fine condition by using Treen's August Flower—the greatest of all medicines for the liver and stomach and a certain cure for dyspepsia or indigestion. It has been a favorite household remedy for over thirty-five years. August Flower will make your liver healthy and active and thus insure you a liberal supply of "good spirits." Trial size, 25c; regular bottles 75c. For sale by Duffels, Kohl & Co.

## Rock-a-Bye Baby

These are sweet words, but how much pain and suffering they used to mean. It's different now. Since Mother's Friend has become known expectant mothers have been spared much of the anguish of child-birth. Mother's Friend is a liniment to be applied externally. It is rubbed thoroughly into the muscles of the abdomen. It gives elasticity and strength, and when the final great strain comes they respond quickly and easily without pain. Mother's Friend is never taken internally. Internal remedies at this time do more harm than good. If a

woman is supplied with this splendid liniment she need never fear cramping or swelling breasts, morning sickness, or any of the discomforts which usually accompany pregnancy.

The proprietor of a large hotel in Tampa, Fla., writes: "My wife had an awful time with her first child. During her second pregnancy, Mother's Friend was used and the baby was born easily before the doctor arrived. It's certainly great."

ROOSEVELT AND THE TRUSTS.

(From the San Francisco Call.) President Roosevelt's action in the enforcement of existing law stands in plain contrast to that of Mr. Cleveland, whose attorney general, Mr. Olney, decided that the same laws which President Roosevelt has enforced were a dead letter and it was useless to bring suits under them. President Roosevelt did not and any further legislation necessary, but only "the disposition and courage to enforce existing law," and he had both and used them, and for that was severely accused by the Democratic members of the supreme court of usurpation!

# Moran of the Lady Letty

By FRANK NORRIS.  
Author of "The Octopus," "The Pit," Etc.  
Copyright, 1898, by S. S. McClure Company

"Since before sunrise," she said, "I've had a lull in the core where the creek runs down. I saw a jack rabbit."

"Seen anything of Charlie and the others?"

"They've camped on the other side of the bay. But look yonder," she added. The junk had come in overnight and was about a mile and a half from shore.

"The dence!" exclaimed Wilbur. "What are they after?"

"Fresh water, I guess," said Moran. "We'd better have breakfast in a hurry and turn to on the Bertha. The tide is going out fast."

While they breakfasted they kept an eye on the schooner, watching her sides and flanks as the water fell slowly away.

"Don't see anything very bad yet," said Wilbur.

"It's somewhere in her stern," remarked Moran.

In an hour's time the Bertha Miller was high and dry, and they could examine her at their leisure. It was Moran who found the leak.

"Show!" she exclaimed, with a bull laugh. "We can stick that up in half an hour."

A single plank had started away from the sternpost; that was all. Otherwise the schooner was as sound as the dry she left San Francisco. Moran and Wilbur had the damage repaired by noon, nailing the plank to its place and caking the seams with lamp wick. Nor could their utmost careful search discover any further injury.

"We're ready to go," said Moran, "so soon as she'll float. We can dig away around the bows here, make fast a line to that rock out yonder and warp her off at next high tide. Hello! Who's this?"

It was Charlie. While the two had been at work he had come around the shore unobserved and now stood at some little distance, smiling at them calmly.

"Well, what do you want?" cried Moran angrily. "If you had your rights, my friend, you'd be keelhaunched."

"I tinkum velly bad day," said Charlie. "You didn't come here to any that. What do you want?"

"I come hah talkes talk."

"We don't want to have any talkes talk with such vermin as you," cried Moran.

Charlie sat down on the beach and wiped his forehead.

"I come buy one piece bacon. China boy no hah got."

"We haven't selling bacon to deserters," cried Moran. "And I'll tell you this, you filthy little monkey: Mr. Wilbur and I are going home—back to Frisco—this afternoon, and we're going to leave you and the rest of your vipers to rot on this beach or to be murdered by beachcombers." And she pointed out toward the junk. Charlie did not even follow the direction of her gesture, and from this very indifference Wilbur guessed that it was precisely because of the beachcombers that the MacLellan Chinaman had wished to treat with his old officers.

"No hah got bacon?" he queried, lifting his eyebrows in surprise.

"Plenty, but not for you."

"Charlie took a huckskin bag from his blouse and counted out a handful of silver and gold."

"I buy tin and two piece tobacco."

"Look here," said Wilbur deliberately, "don't you try to bluff us, Charlie. We know you too well. You don't want bacon and you don't want tobacco."

"China boy heap plenty much sick. Two boy velly sick. I tinkum die pretty soon tomorrow. You catchum stop chest; you gih me five, seven liver pill, Rabe!"

"I'll tell you what you want!" cried Moran, aiming a forefinger at him, pistol fashion. "You've got a blue funk because those Kulgigh beachcombers have come into the bay, and you're more frightened of them than you are of the schooner, and now you want us to take you home."

"How much?"

"A thousand dollars."

Wilbur looked at her in surprise. He had expected a refusal.

Later on in the afternoon Moran and Wilbur saw a small boat put off from the junk and make a landing by the creek. The beachcombers were taking on water. The boat made three trips before evening, but the beachcombers made no show of molesting the underfed schooner or in any way interfering with Charlie's camp on the other side of the bay.

"No," exclaimed Moran between her teeth as she and Wilbur were cooking supper—"no; they don't need to. They've got about \$150,000 of loot on board—their loot too. It goes against the grain."

CHAPTER IX.  
WHAT amashed the junk? What wrecked her? demanded Moran.

The deserting Chinamen huddled around Charlie, drawing close, as if finding comfort in the feel of each other's elbows.

"No can tell," answered Charlie. "Him shake, then lift up all the same as we. Himshy too much lift up. Him go all to amash. Four piece Chinamen down."

"Down! Did any of them drown?" exclaimed Moran.

"Four piece down," reiterated Charlie calmly. "One, three, five, blue, come ashore. Him other no come."

**CAME QUICKLY**

PADUCAH HUNTERS THOUGHT THE TOWN WAS BURNING.

Messrs. Harry Judd, Virge Berry and Philip Gwyn, employees of the local Illinois Central woodworking shops, went squirrel hunting up the Tennessee river yesterday and returned late last night. While about 8 miles up the river their attention was attracted to Paducah by the brilliant red light made by the torches carried by the Woodmen of the World in the carnival parade, and they thought the town was afire.

They couldn't account for the peculiar light and supposed it was some building where fire works or paint was stored, and nearly pulled their arms off in rowing their boat to get to town. Incidentally they had good luck on their hunt, bringing back 64 squirrels.

## Hayes' Beechwood Emulso-Hypo With Iron

Makes Fat, Strength, Blood, Bone and Muscle.

If you are tired, broken down, despondent, worn out, pale, losing flesh, have no energy, do not feel like rising in the morning for the day's work, you need a bottle of this wonderful medicine. Do you want good rich red blood? Do you want the bloom to come back to the cheek? Are you convalescing after having fever, pneumonia or measles? Then you ought to take a bottle of EMULSO-HYPO. Its medicinal food that reaches every tissue in the body and builds you up. Taken in a little wine it is as pleasant as cough syrup.

Read what the editor of the Meridian Star of Mississippi, A. G. Davis, writes under date of April 8:

"My mother took the Emulso-Hypo and has been greatly benefited. She is in better health than she has been in years."

J. W. Russell, county clerk of Hickman county, Tenn., writes:

"My wife has used several bottles of Emulso-Hypo with iron and has been wonderfully improved. I can conscientiously recommend it for all lung trouble."

Rev. G. T. Sullivan, presiding elder of the Memphis district, writes under date of Dec. 1, 1903:

"My daughter, whose system was very much run down, has been taking your Beechwood Emulso-Hypo with iron, and has improved so much with one bottle I have no doubt by continuance she will be fully restored in her nerve forces. I am delighted with the results and shall continue her on it. Wishing you prosperity, I am, yours truly, G. T. SULLIVAN."

## KENTUCKY NEWS TOLD IN PARAGRAPHS

**THE HUNTER-EDWARDS CASE.**  
Irvine, Ky., Sept. 6.—Judge Riddle has issued a mandatory injunction in the contest for congress in the Eleventh district between Hon. D. C. Edwards and Dr. W. Godfrey Hunter, directing the Eleventh district Republican committee to meet at Somerset on the 21st of this month to canvass the returns and issue a certificate of election.

**Louisville, Ky., Sept. 6.—1:45 a. m.**  
—The Republican State Central Committee declared the certificate of nomination filed by Dr. W. Godfrey Hunter illegal and commanded the Eleventh District Republican committee to meet September 21 at Somerset to canvass the vote of the primary for congress held August 9.

**OBJECT TO THE FILIPINO.**  
Lexington, Ky., Sept. 6.—The four Filipinos who were designated by the federal government several weeks ago to enter Kentucky University for a collegiate education have arrived. The arrival of these young men to enter college here has caused quite a sensation, and efforts will be made to test the Day law recently enacted by the legislature in regard to co-education of races. When arrangements were first made for the men to enter the university, W. D. Oldham, of this city, threatened to bring suit in court to test the right of the Filipinos to enter the college on the ground that they were the same as negroes, and the outcome of the efforts of Mr. Oldham and others to prevent the university from receiving them as students will be watched with interest.

**NOT YET IDENTIFIED.**  
Heights, Ky., September 6.—The body of an unknown man found in the Tennessee river, near the mouth of Jonathan creek, in Marshall county, is as yet unidentified. The man was under medium size, about 25 years old, smooth shaven, and from his clothing, a laboring man. His neck had been broken, and around the throat was a mark resembling that made by a rope.

**TOBACCO GROWERS MEET.**  
Guthrie, Ky., September 6.—A meeting to organize the dark tobacco

planters of Robertson, Montgomery and Stewart counties, of Tennessee, and Logan, Todd, Christian, Trigg and Caldwell counties of Kentucky has been called by the president of Clarksville District Tobacco Growers' Association, C. H. Fort, of Adams, Tenn., to meet at the fair grounds, Guthrie, Ky., Saturday, September 24, 1904. It is expected that this meeting will be attended by at least 5,000 enthusiastic planters, looking to the furtherance of their interests in the price of the dark tobacco grown in this section. This will be the second meeting of this kind held at Guthrie within one year.

**DIED FROM INJURIES.**  
Columbia, Ky., September 6.—Mrs. H. O. Baker, wife of Judge H. R. Baker died at the home of Silas Roy, eight miles east of here, as the result of injuries received in a runaway accident Wednesday afternoon. Mrs. Baker is survived by a husband, three daughters and three sons. The untimely death of Mrs. Baker has cast a gloom over this entire community.

**A FATAL SLEEP.**  
Harrodsburg, Ky., September 6.—P. Wayne Gill, colored, was run over and killed by a passenger train. He was drunk and had fallen asleep. Gill had been employed on the construction of the Danville extension of the Southern Railway and had only one arm. His home was at Lagrange.

**COURT AT HICKMAN.**  
Hickman, Ky., September 6.—Circuit court convened here yesterday with Judge R. J. Bugg on the bench. A large docket is before the court, fifty-nine commonwealth cases and sixteen criminals in jail, nine of whom are yet indicted. The case of the commonwealth against Dick Secor for the killing of Ellis Mayes at Cayce this summer is set for one day this week.

**INCENDIARISM SUSPECTED.**  
Hopkinsville, Ky., September 6.—The handsome new residence of William Gates, near Fruit Hill, was destroyed by fire. Loss, \$2,500; no insurance. It is believed to have been the work of an incendiary.

## CARNIVAL OPEN

Woodmen of the World's Attractions Good.

Large Crowds are Expected the Remainder of the Week.

Last night at 7:20 o'clock the Woodmen of the World Carnival parade took place and was a credit to the lodge.

The parade formed at First and Broadway and was headed by a professional band belonging to the carnival company. This was followed by lodge men in costume and further down in the procession came the Woodmen of the World band and more members of the lodge, each holding red lights. The procession was several squares long and made the march to Twelfth and Trimble streets.

The crowd was not large on account of Labor Day, but the attractions are good. The weather is favorable for a successful carnival and large crowds are expected the remainder of the week.

## PARK CLOSURES

LAST NIGHTS' PERFORMANCE THE LAST FOR THIS YEAR.

The show at Wallace Park closed last night for the season and the theater-going public will turn its attention to The Kentucky and the regular high class one night stand show.

This season at Wallace Park has been a fairly good one, the patronage being good, but several weeks of the season was given over to free exhibitions at the park. This arrangement did not pay as well, those desiring to see the show readily paying ten cents extra. The management got an excellent company here the latter part of the season and did well with it.

**THE TEST DEFERRED.**  
All the sand ordered for the Paducah Water Co. filter has not arrived and will not get here this week probably, but the test run nevertheless, will be made, it is stated. The run was to have been made tomorrow, but the management can not get the filter ready by that time, and will put it off a day or two.

## RUNNING WELL

RAILROAD OFFICIALS PLEASED WITH THE BLOCK SYSTEM.

The block system on the Illinois Central, Paducah district, is now in operation and everything is reported running smoothly.

The system was put into operation yesterday, that portion from Paducah to Princeton being operated between 12 o'clock and 6, and from 6 o'clock last evening the portion from Princeton to Central City was put into operation, making the entire system in service.

The party of officials who went up on a special train to deliver supplies and see that everything was in proper shape, returned last night and are satisfied with the system. This improvement will greatly facilitate railroading and the business on this end of the road can now be handled with less danger than ever before.

### FREE RECLINING CHAIR CARS TO THE WORLD'S FAIR.

The Southern Railway has inaugurated a line of free reclining chair cars on the night trains between Lexington, Louisville and St. Louis through without change in each direction, in addition to the through sleepers and coaches heretofore operated.

These are brand new vestibuled cars with all the latest improvements, including smoking compartment, separate wash rooms for ladies and gentlemen, lighted by Pinesch gas. These reclining chair cars are sure to prove popular with the patrons of the road as they are very comfortable and at night the chairs can be turned back, and used instead of the Pullman sleeper without any extra charge. Any passenger holding a regular through ticket over the Southern Railway is entitled to ride in these cars.
